

Our Core Values

Everything we do at WPMaintain revolves around our core values - from marketing to recruitment to customer service.

We live and breathe by our core values, every day.

Speed

To solve your website issues as quickly as possible so you can get back to business without having to chase us for an update to your request.

Expertise

Laser-focus on WordPress only. This means we do one thing and do it really well. We believe in single-focus rather than multitasking.

Simplify

To simplify issues and provide simple solutions, in plain English without the jargon. We do this both internally and externally.

Service

We are here to serve and support our customers every day with excellent support and service, giving you peace of mind that your website is being taken care of professionally.

Efficiency

We use tools and technology to solve issues for ourselves and our customers as efficiently as possible.
